2 ADVERTS

1 / **General presentation of the range** with Revo-S, catheterism MMC files, Endoflare and the MM « + » like the C-Endoline or the Apex Pointer +

2 / An advert **dedicated to Revo-S**

MICRO-MEGA® presents
the **MM-men**

THEY ARE COMING

THEY HAVE THE SOLUTION
FOR EACH SITUATION...

MEGA+

Fastly dynamic, she accurately chooses the best solutions among her wide complementary powers, thus reinforcing the action of her team mates.

REVOS

Very strong and resistant, nimble, gently efficient, he is always there when needed.

GATH

She is clever and extremely precise. The catheterism MMC handles hold no secret for her!

ENDOFLARE

Short and determined, he is always ready to go ahead in order to eliminate the obstacles and makes the job of the team easier.

The MICRO-MEGA® + Your range of essentials!

- APEX Pointer™+: High precision electronic apex locator.
- MM-EDTA CREAM EDTA in cream.
- MM-Paste: Calcium hydroxide paste.
- MM-Seal: Paste sealer for filling of root canals.
- MM-GP Points: Gutta percha.

Revo-S™ Revolutionize your Endo with only 3 Instruments!

- Its asymmetrical cross section initiates a snake-like movement of the instrument inside the canal!
- Better debris elimination: more efficient cleaning.

Revo-S™

www.revo-s.com

MMC-FILES Totally safe manual exploration!

- First indispensable step in any successful endodontic treatment.
- Extreme precision and simplicity.
- For use in combination with apex locators (Apex Pointer™+).

ENDOFLARE® No more constraints!

- Coronal flaring.
- Elimination of the coronal strains.
- Easier insertion of preparation instrument.

 Revo-S™

MICRO-MEGA® presents
the **MM-men**

REVOLUTIONIZE YOUR ENDOS!

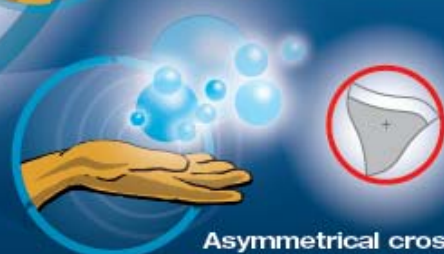

REVO-S

Very strong and resistant, nimble, gently efficient, he is always there when needed.

Only 3 Instruments
■ For a quicker treatment.

Cleaning,
shaping and
finishing.

Asymmetrical cross section

- Optimal upward removal of dentine debris.
- Excellent cleaning.

**Snake-like movement
of the instrument inside
the canal**

- Less stress on the Instrument:
less breakage risks.
